Edge Metal Catalog

ABOUT US

Founded in 1992 Dave's Sheet Metal specializes in the manufacture and distribution of metal roofing supplies. Our company caters to customer needs by supplying stock and specialty metals and products for custom jobs on short notice. Our established presence and name recognition in the industry is a direct result of the quality, quick turnaround, and diversity in services the company is capable of providing customers.

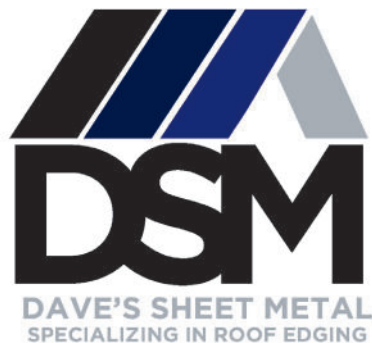

Our company has provided sheet metal roofing supplies and related services to hundreds of customers through the northeast region. Our excellent relationship with our vendors allows us to purchase raw materials efficiently and react quickly to customer requests. We believe in keeping our customers happy and providing them with products at very competent prices.

We never compromise on the quality and the services provided to our customer. We maintain a comprehensive base of modern shop equipment. This enables us to enhance quality and precision, decrease turnaround time, and cater to different customer needs in the market.

We have an excellent track record for the best customer satisfaction. Our assembled work force has been together for many years. It is not uncommon for our customers to look to us for solutions to construction issues that incur on the job site. Our company's many years of industry experience allows us to interact with our customer to help them solve construction problems quickly and efficiently.

PRODUCTS

The enclosed catalog includes our company standard stock products. All stock items are customizable and available in other material upon request. Please note that in addition to the traditional products, we also specialize in custom metal roofing and sheet metal products as well as specialty items. Once the ord
